

# ARENA FRAME

# SIXTY82 launches the new ARENA FRAME

This new concept is designed for venues which value the benefits of a quick and easy to build stage system. The straightforward design allows big stages to be built in the blink of an eye. A 200 square meter stage can be built in 90 minutes with a crew of 4 and a forklift. Because the frames are foldable, the system has a very small storage footprint. The ability to build the stage and rig at the same time greatly lowers the time needed to build any stage set.

## 4-WAY adapter

### One size **fits all Adapter**

- One size fits all Adapter
- All different configurations can be made with the 4 way adapter.
- Rotatable in 4 orientations
- 500 kg 10% lateral load,
- 200x100 cm decks

**360°**

*Single and double frames (to make even and uneven sized stages)*

World's fastest big stage system

Easy to use, no tools needed

Flexible in size and height

No loose parts, all configurations can be made with the same frames

Easy to store - small footprint

Entire stage is movable as one, this allows you to build the rig and stage at the same time

technical video

### **4 way-adapter**

*Single and double frames  
(to make even and uneven sized stages)*

# ARENA FRAME

## Level your stage

*Stage can be perfectly stabilized using the adjustable feet*

## Rock solid structure

The unique brake system highly increases the stability of the stage.

# EASY to assemble

## Only two frames needed

Single and double frames (to make even and uneven sized stages)

## Height adjustable

Pre-assembled frames can be adjusted in height from 120cm - 190cm (4' - 6') in steps of 5 cm

## Foldable frame

Easy to store, the folding frame creates a small footprint

BUILD THIS 200 M<sup>2</sup> STAGE  
WITHIN 90 MINUTES!

### Technical information

Product	Code	Weight
Arena frame single 120-190	341014	84 kg
Arena frame double 120-190	341015	120 kg
Stage82 Arena adapter 4-way	341013	4.5 kg
Dolly arena frame forklift 6SF 4DF	215029	50 kg
Stage82 module M 200x100cm hexa	310001	35.6 kg
Stage82 module M 200x100cm black	310001	35.6 kg
